CAPABILITY ENHANCEMENT AND DEVELOPMENT SCHEMES

Madha Dental College and Hospital is committed to provide an environment and learning experience for holistic development of its students and organizes various programs aimed at enhancing their capability and overall development in professional and personal life.

1. SOFT SKILLS DEVELOPMENT:

The institution believes that soft skills play a vital role in the overall development of personal and professional efficiency of its students. The institution takes stringent efforts to enhance the soft skills of its students by organizing lectures by experts every year focusing on various aspects like stress management, teamwork and interpersonal relationship, organizational skills, presentation skills, adaptability skills. These enables the students to develop strategies to improve their adaptability, organizational skills, handle situations in personal and professional life and work in society as a team leader a good dental practitioner.

2. LANGUAGE AND COMMUNICATION DEVELOPMENT:

The institution warrants that the students admitted from various cultural diversities and mother tongue are given Training programs in local language (Tamil) and English classes are also given for students who are not well versed with English language. This enables the students to overcome their language barrier and communicate effectively with their peers and patients. Lectures and workshops on communication skills are also given focusing on doctor-patient interaction, public speaking skills and significance of non-verbal communication.

3. YOGA AND WELLNESS:

The institution values Yoga as a powerful tool for physical fitness and stress management and encourages its students to practice yoga. Apart from basics of yoga, focused sessions like 'Yoga for mental wellbeing', 'Yoga for soul', 'Yoga for daily life' emphasizing on different aspects of yoga are organised by the institution. Every year International Yoga Day is celebrated with the active participation of students to create an awareness on the significance of Yoga.

4. ANALYTICAL SKILLS DEVELOPMENT:

The institution offers programs focused on developing the analytical skills and critical thinking of the students. Various seminars and workshops focusing on thrust areas of dental practice like Digital Photography, Adhesive Esthetic Dentistry, Oral health education and Basic life support are conducted every year. Workshops and seminars on Research methodology and data analysis are conducted to build a strong foundation of research at the undergraduate and postgraduate level.

5. HUMAN VALUE DEVELOPMENT:

Alike all other health profession, the dental profession also demands empathy and ethical approach towards the patients and the community in the provision of oral health care. Lectures on topics like moral values for dental professionals, ethics in dentistry, holistic development are organised to enable students to learn these values and incorporate the same in their professional practice. Students are engaged in Blood donation campaigns to make them self-aware of the values of human life and spread the same in the society. Professional ethics is also incorporated in the orientation programs for the first years and in the internship orientation.

6. PERSONALITY AND PROFESSIONAL DEVELOPMENT:

The institution comprehends that the dental profession demands perfection, commitment and professional competence. Every year the institution organises sessions like Personality development, Work life balance, Medico-legal issues in dental practices, Career readiness, Environmental protection and Scope of Dentistry are conducted every year to facilitate overall professional and personal development of the students.

7. EMPLOYABILITY SKILLS DEVELOPMENT:

The institution is resolute in making the students as 'Dental experts' to who are empowered to handle challenges in real life clinical practice. Seminars on topics like Practice management, Patient handling, financial literacy, Pharmacovigilance, Job opportunities in Dentistry, and Hands - on about dental skills are organised to enable the students to be career ready and employable.
